

Custom Lentivirus & Retrovirus Packaging Service

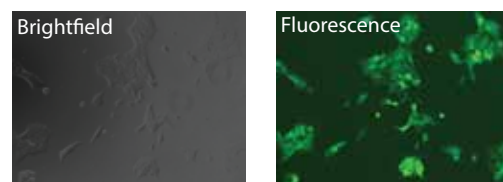

Custom engineering of high quality, high titer recombinant viruses; Target a variety of host cells.

- **Fast turnaround**
- ***In vivo & in vitro* applications**
- **Packaging of 2nd & 3rd generation lentiviral vectors**
- **High titer amplification up to 10⁹ IFU/mL**
- **GFP control virus available (optional)**
- **Customizable service: plasmid amplification, custom vector building, large scale production**
- **Broad Host Tropism:**
 - **Mouse and rat cells**
 - **Most mammalian species and cell types (VSV-G pseudotyped)**

Applied StemCell's Virus Packaging Service Catalog:

Catalog ID#	Product Name	Price
ASC-7011	Lentivirus Packaging Service, Regular Titer	\$900.00
ASC-7011X	Lentivirus Packaging Service, Regular Titer, Double Size	\$1,100.00
ASC-7012	Lentivirus Packaging Service, High Titer	\$1,100.00
ASC-7012X	Lentivirus Packaging Service, High Titer Double Size	\$1,400.00
ASC-7013	Lentivirus Packaging Service, Ultra HighTiter	\$1,400.00
ASC-7013X	Lentivirus Packaging Service, Ultra High Titer, Double Size	\$2,100.00
ASC-7021	Retrovirus Packaging Service, Regular Titer	\$1,100.00
ASC-7021X	Retrovirus Packaging Service, Regular Titer, Double Size	\$1,400.00
ASC-7022	Retrovirus Packaging Service, High Titer	\$1,400.00
ASC-7022X	Retrovirus Packaging Service, High Titer, Double Size	\$1,700.00
ASC-7023	Retrovirus Packaging Service, Ultra High Titer	\$1,900.00
ASC-7023X	Retrovirus Packaging Service, Ultra High Titer, Double Size	\$2,400.00

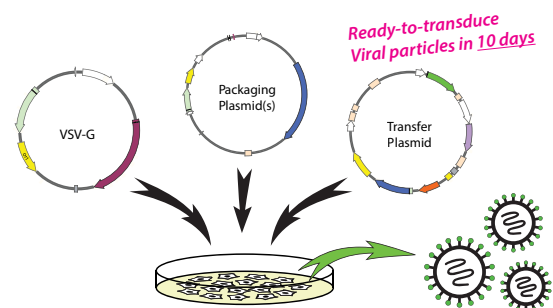

Regular Titer: > 10⁷ IFU/mL; High Titer: > 10⁸ IFU/mL; Ultra High Titer: > 10⁹ IFU/mL

Save Time and Effort!

Send us your transgene in a lentiviral or retroviral vector. We will package it in the lentivirus or retrovirus of choice.

ASC also provides **custom vector design and clone services** to design your transgenes and cloning them into retroviral or lentiviral vectors.
